Dear Bruce

1. Regarding Spain, I think your father is aware of my concern to help Marcos Bisbal Jnr. In securing a house. I am exercised to do this righteously and without removing Marcos's responsibility.  
Would your father be carried if I were to lend Marcos Bisbal Jnr. £20,000 interest free to be repaid within 10 years, or quicker if circumstances allow?
2. Regarding my business premises, I am almost ready to exchange contracts on 1.8 acres of industrial land close to home as outlined on plan herewith. The site is not high profile and requires a lot of grading to maximise its potential. My own development would be 500m<sup>2</sup> single storey offices and warehouse (marked A on plan) with car-parking and scope to increase 1000m<sup>2</sup> (marked B). We would run a public road and drains into the site so that extra plots could be made available for brethren. Phil and Tim Beaumont have urgent needs for business premises and I propose offering them plots C and D respectively.

Whilst I have my family and the local brethren in mind, I feel the need to be dependent and open for the Lord's scrutiny. I have no natural father available and currently feel the home going of beloved Martin Tennent locally.

Yours in Christ,

Lance Christie
