

Dear Mr Hales

Further to your conversation with Andrew and Margret Gilmore, we have now visited The Hague for a weekend.

Having considered things carefully, we are prepared to relocate to Holland despite the challenges that go along with it.

We could not do this independently of your further advice.

Businesswise we would suggest opening a satellite Sales Office for 'Weavabel' in Holland which could sit alongside the suggested office for Glen Harding in Rome – both relying on the existing operational base in Leeds.

I think our married daughters, Jason and Heidi Simpson from Preston (3rd child on the way) and Boyd and Zoe Batchelor from Harrogate (3children) would consider following but only if you think it is the right thing to do.

Deb's invalid Father (88) and his wife reside in Leeds but Deb's sister – Steve and Ro Tennent and family could be on hand to provide care.

Otherwise, learning the language, suitable housing stock and the extensive interchange travelling concern us most.

Would it be possible for us all to meet you during July so that you can give us guidance as to the way forward?

~~I think that Allan Clarkson will be staying with us during the Leeds 3 days. His wife, son, Dean and I think that Allan Clarkson will be staying with us during the Leeds 3 days.~~

Dick Dallow's family could join us on the Lordsday. Would you be happy for them to come for the Leeds reading?

You would be very welcome should you consider visiting us all on Lordsday evening or Monday!

Much love to Jenny and yourself.
