Dear Mr Hales,

Lance has emails from 2016 conveying your desire that he should have no part in assembly administration within the PBCC.

In October he was told that he was going to "lose everything, I mean everything "

In March 2017 he was shut up and isolated from all contact from his friends. Now, despite having had 27 visits from 3 priests and 4 assembly rebukes since your letter to him in October 2014, we understand that you have issued a legal edict to all PBCC members throughout the world telling them to have nothing to do at all with Lance is this correct?

Can we please have a copy if this legal undertaking by the brethren.

Lance is still abiding by what he's been taught from childhood and also by the values instilled into him by his parents.

His charitable spirit continues despite him having been rejected by you and your community.

Would you support him and try to understand the situation of many who, like him , are victims of PBCC administration

He could report his finding to you especially in view of your agreement to the point he made when you were last together "there's two sides to every story"

Wrong motives have constantly been imputed to Lance - you being familiar with the Jim and Louise Hutchinson, rays story Granville Roberts and David Glover situation's. Lance had nothing but the best in mind for all these individuals.

He's now been presented with Josh Stutterheim and Fabi Bartholomei situation.

Would you support Lance looking after them until brethren has found somewhere more suitable. Apparently they offered to pay for accommodation for Josh but withdrew that offer when his girlfriend arrived on the scene. This hardly seems fair, could you instruct the Leeds community to provide for them both?

Best Regards

Lance
