17th June 2019,

Dear Bruce,

I am now in Sydney until the end of the month so feel led by the Lord to make myself available to give an account of where I stand.

Whether that be by way of private meeting or at the universal meetings I will leave to your conscience but I do feel that you should be present.

Be assured that I will not seek to attend any meeting, especially the universal meeting, unless you expressly confirm to me that my attendance will be welcome.

May the Lord's will be done.

Please let me know how I can proceed by return to lancechristie7@gmail.com.

I enclose further information to substantiate previous requests for finance for which I'm still awaiting an answer.

I also enclose a new request relating to Kerry Pile who I consider should be forwarded at least US dollars 250,000 in recognition of all that the brethren have subjected her to.

I'm really trusting that you will respond positively to me this time, Bruce.

Thank you.

Your forgiven sinner,
Lance
