

Dear Mr Hales

RESIGNATION OF PBCC LEADERSHIP

In view of the detriment and harm that you are meting out to so many families around the world, we respectfully request that you resign from your role as leader of the PBCC church.

This will give opportunity for brethren in localities to take up their local responsibility and function autonomously.

Furthermore this would be an opportunity of great rejoicing because once responsible brethren are able to exercise their own discernment, they're very likely to invite brothers like Lloyd Paskewitz, Jim DeSeyn, Peter Harrison and Lance Christie back in to enjoy fellowship with them.

Barriers would come down and normality be restored.

Meanwhile we would humbly suggest that the writings of Peter Harrison and Lance Christie might be of more interest to the brethren than what is currently coming out of Sydney.

With regard to your ill-gotten wealth, we suggest that you open up your coffers to the scrutiny of your local brethren with a view to dispensing your wealth around brethren and ex-brethren globally who have suffered harm at the hands of the system you lead.

More importantly, you should cast yourself on the Lord and into the hands of your local brethren, pleading for mercy. Your father gave you an example in doing this in October 1965.

Meanwhile, we attach just four examples of cases of concern which all convey that you (or your father) have interfered in local administration in Cambridge NZ, Leicester UK, Brisbane, Queensland, Doncaster UK and Peterhead, Scotland.

Lance Christie and Peter Harrison have written to the brethren in these places to acquaint them of the situation.

Yours respectfully

In Christ

Lance J. Christie
