I'm still waiting patiently for a reply to the below and especially a family meeting

In view of the serious nature of the emotional and financial abuse you've caused me, as outlined, it's imperative that you answer me NOW  
I would draw your attention to the "Get a Life" podcasts on YouTube, especially episodes 44 and 45 where it becomes apparent that The Hales system, led by you in the U.K., dubs good people as "mental" and excommunicates them because they become a threat to the system simply because they ask questions about it.

That can't be right and never will be.

You've also been ignoring my pleas to be reconciled with my family when you could easily become the facilitator of that.....that's wrong too! It's now over 6 years since I've seen any of my grandchildren, thanks to you, Garth

If you don't arrange the family meeting with me like I implored you to do, I will have to take the initiative into my own hands

Please stop coercing my family to stay in your system. My heart and doors are wide open to them so that should be reciprocated. They'd all be welcome to come to Noblethorpe Hall and socialise with me

Episodes 44 and 45 of "Get a Life" podcasts - available on YouTube - illustrate the very issues that I have with you

The family should all watch them
